

Encanto Pickleballers

Taking Action! Pickleball with a Purpose.

Our Community of Pickleball players at Encanto Sports Complex have taken on several projects to enhance the park and overall experience. From fundraising over \$2000 to purchasing three benches, painting the south wall, and sourcing championship caliber nets, we take action. We also submitted a grant proposal with the Encanto-Palmcroft Neighborhood Association to renovate the Park's restrooms and initiated the parking lot re-striping project ... all of this in less than 2 years.

1
